Land Use Designations Methodology

Land use designations generally follow parcel boundaries and, though not shown on the maps, land use designations extend to the centerline of the road right of way.

Where land use designations split parcels, the boundary will be considered approximate. The ALR boundary is not always consistent with parcel boundaries.

Land Use Designations under jurisdiction of "CVRD Bylaw No. 4373 - Cowichan Valley Regional District Official Community Plan for the Electoral Areas Bylaw, 2023" are in affect upland from the represented present natural boundary of the ocean as captured in survey documents registered with Land Title and Survey Authority (LTSA). Land Use Designations depicted in Schedule L – Land Use Designations Maps below the marine present natural boundary are for context and will be considered in a Marine Plan.

Introduction

Schedule L contains maps identifying Land Use Designations in the Cowichan Valley Regional District. The map naming conventions indicate the Schedule letter, electoral area, and map number as follows.

Map Identification Key			
Map Name	Schedule	Electoral Area (if applicable)	Map Number
Map L2 Regional Overview	L		2
